WHEEL LOADERS IN WASTE HANDLING

Volvo Construction Equipment

Compact machine, big performance

Volvo L30G, L35G and L45H waste handlers

Mechanical tilt speed limiter

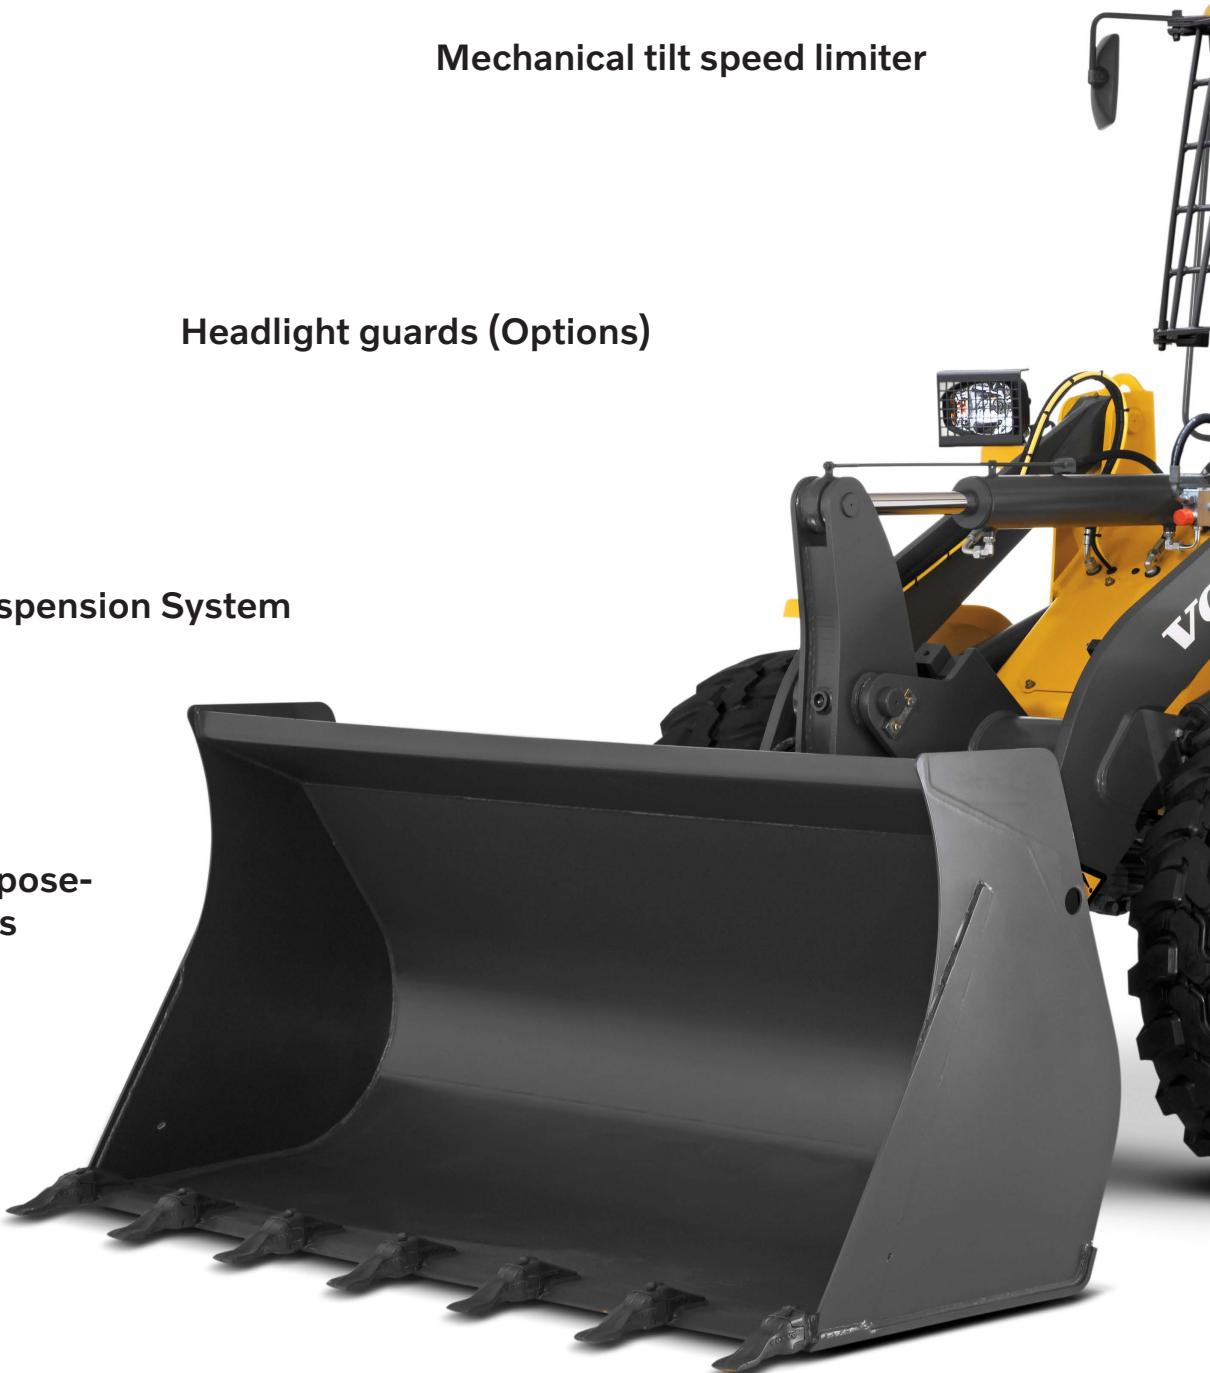

Headlight guards (Options)

Boom Suspension System

Range of purpose-made buckets

Hydraulic attachment bracket,
including 3rd function

Application-related tires

Windshield and rear window guards (Options)

Air-suspended and heated seat

Cab and engine air pre-cleaners (Options)

Rear hood protection (Option)

Reversible fan (Option)

Taillight guards (Option)

Front and rear belly guards (Options)

Designed for waste management

Volvo L60H to L220H waste handlers

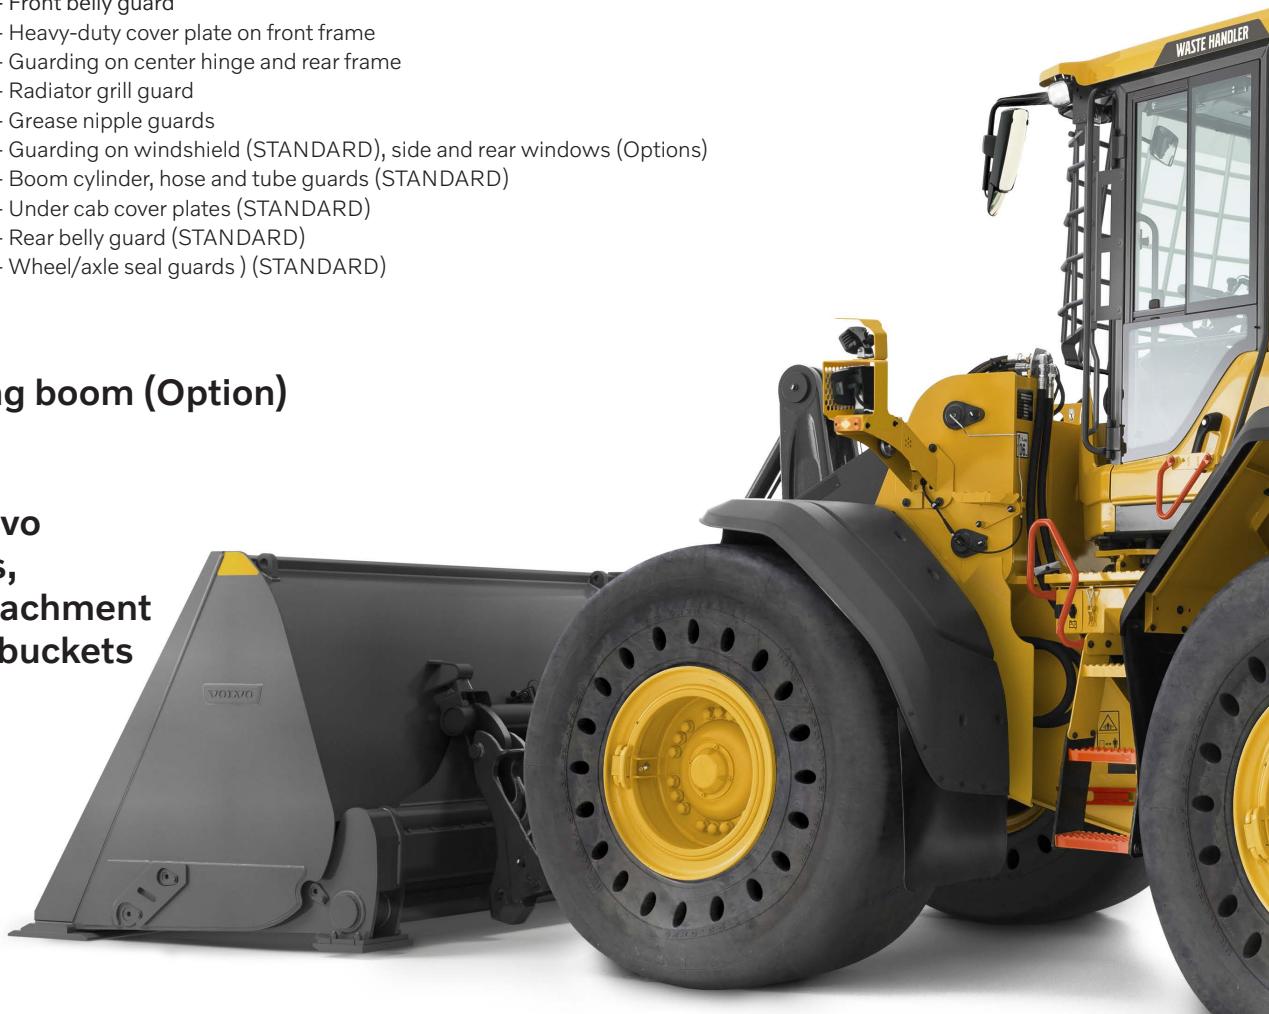

Load Assist apps, powered
by Volvo Co-Pilot

Durable by design

- Guarding on headlight and taillight
- Front belly guard
- Heavy-duty cover plate on front frame
- Guarding on center hinge and rear frame
- Radiator grill guard
- Grease nipple guards
- Guarding on windshield (STANDARD), side and rear windows (Options)
- Boom cylinder, hose and tube guards (STANDARD)
- Under cab cover plates (STANDARD)
- Rear belly guard (STANDARD)
- Wheel/axle seal guards (STANDARD)

Long boom (Option)

Matched Volvo
Attachments,
including attachment
bracket and buckets

Removed front fender

Emergency stop

Solid tires (Option)

Exclusive Volvo Respa CF2 cab-filtration system

**Cab and engine air
pre-cleaners**

Fire Suppression System

**Collision
mitigation system
(L110H - L220H)**

**Powerful Volvo
engine with
rimpull control**

**Axle oil cooler
(optional
L70H-L220H)**

**Rubber-suspended
cab ladder**

**Flexible rear step
(Option – L60H, L70H)**

Outstanding versatility

With the attachment bracket and full range of Volvo Attachments, your Volvo Wheel Loader can take on an impressive range of tasks, which would otherwise require specialist equipment. What's more, only by using Volvo Attachments can you be sure to get the most from your Volvo machine in terms of productivity, fuel efficiency and uptime, and protect your investment in the though waste and recycling environments.

More information can be found in the Attachments brochure, or in the Attachments selector tool, available for IOS on App store, for Android on Play Store and China Android Store.

Attachment bracket

First introduced by Volvo in 1954, the ISO standardized attachment bracket enables the quick, easy and safe switching between attachments – all from the comfort of the cab.

High-Tip with side mounted cylinders bucket (L60H-L120H)
High-Tip – Light Material bucket (L30G, L35G)

Refuse tamping bucket (L90H-L220H)
Refuse tamping with clamp arm bucket (L90H-L220H)

Refuse bucket (L60H-L220H)

Refuse bucket (L45H)

Light Material bucket (L30G-L220H)

Scrap bucket (L30G-L45H)

Clamp bucket (L30G-L45H)

General Purpose bucket (L30G-L45H)

Custom-Built Attachments

When your operation requires a unique attachment design, then a custom-built attachment could be the answer. Receive support and tailored advice from your Volvo dealer and our in-house attachments specialist to help you define the right attachment specification for you.

Configured for success

Benefit from all the features and functions found on a standard Volvo Wheel Loader, combined with the specialist equipment needed to succeed in waste recycling industries. In addition to the waste handling package, there are a number of other options we can offer to help you achieve optimum results in waste management application.

- Included in the Waste Handling package
- * Included in standard machine configuration
- Optional equipment

Depending on the country, some optional equipment listed below may be included in the standard machine configuration.

Depending on the country, some equipment listed below in the standard machine configuration may be optional.

Certain equipment features or combinations do not allow an on-road approval of the machine. The country-specific requirements must be checked locally.

* Calculated with protective parts such as radiator grill guard, towing device, belly guards, etc.

** Measured to the tip of the bolt-on edge. Dump height to bucket edge measured at 45° dump angle. Note:

This only applies to genuine Volvo attachments.

Keep it in the family

In addition to wheel loaders, Volvo is proud to provide an extensive portfolio of solutions to the waste and recycling industries. Throughout our machinery line-up we are committed to producing machines which deliver outstanding results in waste management.

More than machines

Engineering machines which deliver outstanding results is just the start of how we can support your operation. As your partner we are here to help with every aspect of your Volvo machinery: how you use it, maintain it, pay for it and even how you sell it.

Our portfolio of services is designed to complement your machine's performance and boost your profitability.

Financial Services

Volvo knows business finance – and our team of experts are dedicated to helping you succeed. With flexible financial and insurance solutions, we can help grow and protect your business. From a single unit to an entire fleet, new or used, we'll customize a solution to meet your needs.

ActiveCare Direct

Maximize machine uptime and reduce repair costs with ActiveCare. Utilizing CareTrack data, the intelligent service provides round the clock machine monitoring, as well as customer reports – to help take predictive and preventative maintenance actions.

Genuine Volvo Parts

Maintain productivity and machine uptime with our range of readily available, tested and approved parts – all backed by Volvo warranty. Only by using Genuine Volvo Parts, can you protect your investment, extend machine life and guarantee long-lasting performance.

Volvo Service Contracts

Stay on track with planned servicing and keep your asset covered with our range of flexible levels of Volvo Service Contracts.
